Work history:

Occupational/Environmental Medicine residency 2008-2010
Tyler, Texas

- Participated regularly in an occupational health clinic at UT Health Science Center which involved both external industrial clients and employee health.
- Rotations in public health in Laredo Texas, DSHS Regions 4 – 5 North, and Williamson County Health Department.
- Six week rotation at Exxon, Baytown Texas
- Residency project – Survey of practices among owners of potable rainwater collection systems. Special attention to heavy metal contamination, especially lead, in collected water.
- Certified Medical Review Officer
- NIOSH pulmonary function training
- CAOHC hearing conservation certification

Obstetrics-Gynecology, solo practice 1998-2008
Georgetown, Texas

- Board certified in Obstetrics and Gynecology

Clinical faculty, Central Texas Medical Foundation 1993-1998
Brackenridge Hospital
Austin, Texas

- Taught clinical obstetrics to family practice and Ob-Gyn residents by lecturing and supervision of their duties and operative deliveries.

Obstetrics-Gynecology, Memorial Christian Hospital 1990-1993
Sialkot, Pakistan

- Very busy charity hospital with 300-500 deliveries per month, approximately half of which were high risk. Duties involved clinical practice, surgery, teaching, supervising midwives, and remodeling and expanding obstetric unit.

Ob/Gyn Associates, group practice 1987-1990
Texas Woman's Hospital
Houston, Texas

Obstetrics-Gynecology, Good Shepherd Hospital 1986-1987
Tshikaji, Zaire

- Duties involved clinical practice, surgery, teaching nursing students. Setting was rural and primitive. Electricity and running water were intermittent.

Obstetrics-Gynecology residency 1982-1986
Baylor College of Medicine
Houston, Texas

- Served as one of three chief residents during the fourth year (for a program of 48 residents.)
- Awarded the "Fat Man Award" by the junior residents as the senior resident most supportive of their education and wellbeing.

Obstetrics-Gynecology, Good Shepherd Hospital 1981-1982
Tshikaji, Zaire

Flexible internship 1979-1980
Brackenridge Hospital
Austin, Texas

Publications:

Demographics, practices, and water quality from domestic potable rainwater harvesting systems, *Journal of Water Supply: Research and Technology*, 2012.
